

SPORTING CLAYS

Range Rules

- 1.** Load guns only when ready to shoot.
- 2.** Shooting at broken targets is not permitted.
- 3.** Every station is to be shot as laid out. A maximum of ten stations is to be shot - either 5 or 10 shots per station. Asking a trapper to change the sequence or type of target could result in a serious safety compromise for either the trapper or shooter and is not permitted.
- 4.** Only the designated shooter will shoot at the target. It is not permitted to shoot at a target thrown for someone else.
- 5.** Taking extra targets, other than broken targets, will eventually result in higher shooting fees for everyone and is not fair to the rest of the shooters.

For further clarification see Clays Section Executive.
